

ABOUT SMARTLANDS

Smartlands Platform is developing a worldwide crowdfunding and brokerage Platform for tokenization of real economy assets by issuing asset-backed securities (tokens) using the blockchain technology. We create new exciting opportunities for both private and institutional investors as well as various businesses across multiple sectors of the real economy. The Platform users can establish an infrastructure for security token offerings based on our KYC/AML-compliant legal framework for enhanced investors' protection.

 The role is based in **Vilnius, Lithuania**.

To reward our employees for the great work they're doing we offer:

- Work at ambitious international startup
- Career and professional development opportunities
- A competitive compensation package
